LOO POWDER

Deep cleaning for your toilet

This product effectively cleans and disinfects your toilet bowls, sinks, and tubs. This product's formula supports the removal of hard water stains and calcium build up around your kitchen and bathroom. Simply add the LOO POWDER and hot water, the amount will vary depending on the area of application (see table), and allow it to sit for 5 minutes before cleaning it away with JP's LOO HERO. This process ensures that hard-to-reach places are optimally reached and heavy deposits are hygienically removed.
