

DATA SHEET

FRESH UP SPRING

Air cleaner and pollutant neutralizer

FRESH UP is a special air cleaner for all of your living spaces. Special protein components in this products formula eliminate hazardous formaldehyde from the rooms air. Based on the findings that natural sheep's wool can filter out pollutants in the air, this product employs this knowledge with a special active ingredient complex of protein building blocks. FRESH UP binds unpleasant odors and provides clean air through its special composition. Tough odors from cooking, shoes, jackets, dog beds and much more disappear after using this product. FRESH UP can pleasantly freshen up any space with a few pumps from the JP MISTY PUMP.

This concentrate is self preserving, the liquid may stay in the bottle without concerns of germination over time.

DOSAGE & APPLICATION

Suitable for the removal of unpleasant organic odors from smoke, cooking, animals, and much more.

Pour approx. 10 ml of FRESH UP into the JP MISTY PUMP. Then fill up with about 300 ml of water.

IMPORTANT

Regularly change FRESH UP water mixture!
