- Suited for water sensitive floors
- Ideal for applying care products

Microfiber floor cloth for JP's MULTI HERO cleaning system.

FLOORMOP SMOOTH is optimal for the cleaning and care of water-sensitive floors. The natural fibers of this cloth have a uniquely high dirt and water absorption capacity. Additionally, the FLOORMOP SMOOTH is perfectly suited for the application of JP care products.

This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system.
