Sustainable and effective cleaning.

OUR VISION

As a sustainable company, we take responsibility. Particularly with our products, the focus is on conserving resources and avoiding plastic. We use as few chemicals as possible in production. Our packaging material is selected according to ecological and social aspects. JP supports you in creating a sustainable home.

These are the things we do to realize our goals:

- staying conscientious of environmental protection for future generations
- improving quality of life through hygiene and economic opportunities
- staying aware of sustainability and environmentalism
- limiting the use of plastics through a bottle refill system and use of concentrates
- using less chemicals
- providing durable and high quality microfibers
- ensuring high quality products
- saving time through effective product formulas
- providing hygienic cleaning
- giving the opportunity for financial independence through attractive and fair income opportunities

WELCOME

... to our JP product world.

Cleanliness and hygiene are paramount in creating a safe and healthy environment. Our products are meticulously crafted to deliver hygienic cleaning results, effectively eliminating dirt, germs, and impurities. We place a high priority on our customers' well-being by offering solutions that uphold stringent cleanliness standards, ultimately contributing to the creation of healthier living spaces.

Environmental responsibility is a core value that defines our mission. We are unwavering in our commitment to reduce our ecological footprint and promote sustainable practices. Embracing the principles of a circular economy and waste reduction, we've implemented a refill system and concentrate usage that enables us to minimize plastic waste and optimize resources. By reducing our plastic usage and championing reusable alternatives, we strive to protect our planet and safeguard its natural resources for generations to come. Our dedication to environmental awareness drives us to continuously explore innovative methods to minimize the impact of our products on the environment.

Our JP guide is thoughtfully structured and designed to serve as your trusted companion in using our JP products. Within its pages, you'll discover our complete range of JP products, along with valuable tips for usage, as well as eco-friendly dosage and care instructions.

LET'S HAVE A PARTY!

When you host a JP Party at your home, you invite your friends to a casual evening. In a pleasant atmosphere your consultant highlights how to clean your household in all its facets efficiently and how you can significantly reduce chemicals in your home. You will save time and money, protect yourself from allergies and achieve optimal household cleanliness.

Host Rewards:

- Free and discounted products
- The bigger the party, the greater the rewards
- Benefits start when you book a party with one of our top products as a gift
- With a party sale of \$400.00 or more and new party bookings, you will receive additional gifts
- Each guest receives a valuable product as a gift

And let us not forget the useful household tips from our consultants, who are experts in household cleaning.

CLEANING PRODUCTS

JOIN THE PARTY

OMNI CLEANER

▶ ALL PURPOSE CLEANER

ABOUT:

Let this universal power cleaner wow you with its pore-deep cleaning abilities that, without scrubbing, leave your surfaces clean, grease-free, and restored. Synthetic and mineral oils, as well as grease disappear as if by magic. Glossy materials retain their original shine and matt materials remain matt.

JP OMNI CLEANER cleans all washable surfaces powerfully and deep into the pores: Plastic, enamel, metal, car paint, glass, porcelain, tiles, grout, doors, windows, blinds, tents, rubber, motorcycles and bicycles, caravans, trailers, lawn mowers, garage doors, balcony and stair railings, convertible tops, garden furniture, flower pots and much more.

OMNI CLEANER - perfect for cars and trucks

USE:

OMNI CLEANER removes grease, oil, and stubborn dirt. It leaves surfaces clean and streak-free. Additionally, it has quick-drying and antistatic properties. OMNI CLEANER is formulated with natural surfactants originating from vegetables, as well as active washing ingredients derived from the soap bark tree and soapwort.

JP OMNI CLEANER is extremely economical: you dilute it with water from 1:10 to 1:100, giving you up to 50 liter / 1690 oz / 52.8 QT of this powerhouse. Due to this minimal use of product and its complete degradability, it is also very environmentally friendly.

DOSAGE & APPLICATION:

Mix with water in appropriate JP SPRAY BOTTLE with dosing scale:

Maintenance cleaning of floors: approx. 2 ml/0.07 oz (1:500).

Application time: approx. 5 minutes. Wipe off dirt with a damp JP cloth.

Recommended dilution in SPRAY BOTTLE: 1:10 to 1:100 for preparing a ready-to-use dilution.

Do not use in direct, intense sunlight.

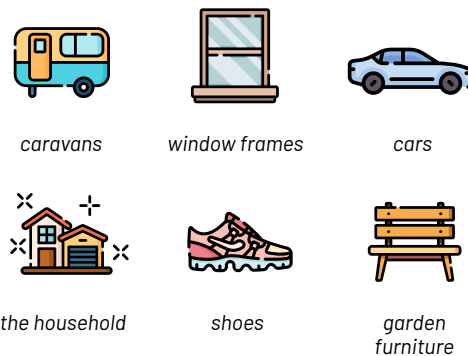

500 ml / 16.91 oz / 0.53 QT. **\$22.90**

MUST HAVE - SPRAY BOTTLE:

Remove and polish afterwards with a fresh JP microfiber cloth and water. For example, with the MIRACLE MITT.

SUITABLE FOR:

the household

shoes

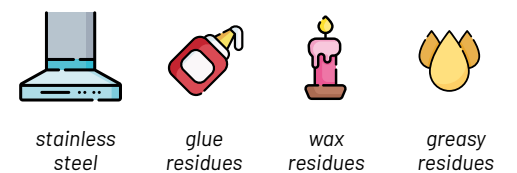

garden furniture

GREASE GRABBER

▶ SUPER CONCENTRATE - BASED ON ORANGE OIL

SUITABLE FOR:

stainless steel

glue residues

wax residues

greasy residues

RECOMMENDATION:

Wipe the dirt off with JP HEAVY PURPOSE. Further information: page 31

ABOUT:

Finally remove stains from hard and soft surfaces professionally. Hygienic cleaning in the home and business. Whether it's adhesive residue, tar stains, or rubber marks on the floor, JP GREASE GRABBER takes up these challenges effortlessly. Where other products only mask odors, JP GREASE GRABBER finally puts an end to bad smells. You can dilute the product GREASE GRABBER from 1:5 to 1:1000.

USE:

Just use a few drops of GREASE GRABBER and let it sit for a short period of time. Your most stubborn stains will disappear without a trace. A small amount of the product will suffice for most cleaning. Areas of application: Stainless steel, tiles, fume hoods, glue residue on vases and windows, wax residues, tar stains, chewing gum, resin, rubber abrasion on floors, nail polish marks in bathtub or surfaces. **Important:** Do not use GREASE GRABBER on acrylics, rubber, wood, natural stone, soft PVC, sealed surfaces, or hot surfaces. Do not use as aromatic or lamp oil. Do not use for cosmetic removal of nail polish.

DOSAGE & APPLICATION:

Pure or mixed with water.

Pure: Add to a damp JP microfiber cloth and clean the surface from stubborn stains. **Mixture:** Mix with water up to 1:1000 depending on the degree of soiling. Clean off with plenty of water.

Diluted with water: clogged traps on sinks and sinks (soak for 1-6 hours), bathroom and kitchen floors, garbage cans, animal cages. Not suitable for acrylics.

250 ml / 8.45 oz / 0.26 QT. **\$24.90**

CHAR'M X

▶ OVEN AND GRILL CLEANER

TIP: Use the JP brush to apply CHAR'M X. \$3.00

ABOUT:

CHAR'M X is the powerful solution for all stubborn char residue. No more scrubbing required. The combination of vegetable sugar surfactant and potash lye ensures effective and at the same time environmentally friendly cleaning. It's pleasant fresh scent completes this cleaner. CHAR'M X is also a very powerful grease dissolver, so ensure appropriate skin protection when using it.

TIP!
Remove and polish afterwards with HEAVY PURPOSE. Further informations: page 31.

BUNDLE:

Benefit from our bundle offer:
CHAR'M X + HEAVY PURPOSE + Brush = **\$49.90**

SUITABLE FOR:

-  baking sheets
-  fireplace windows
-  cooking grates
-  cooking pots
-  glass-ceramic cooktops
-  barbecues

DOSAGE & APPLICATION:

Shake well before use. Apply a thin coat and distribute evenly on the surface using the brush. Depending on the degree of soiling, let sit for 1-4 hours.

Completely remove the cleaner as well as the dissolved dirt with a damp JP cloth and clean off the surface with plenty of water. Wear gloves for skin protection.

500 ml / 16.91 oz / 0.53 QT. **\$29.90**

IMPORTANT:

Do not heat the oven. Not suitable for aluminium, copper, teflon coatings or cast iron.

SUITABLE FOR:
baking sheets, fireplace windows, cooking grates, pots and glass-ceramic cooktops.

BEFORE & AFTER:

Step 01: Apply JP CHAR'M X with the JP BRUSH.

Step 02: Cover everything with cling film to prevent the cleaner from drying out.

Step 03: Clean off with plenty of water.

LIME LIGHT

► DESCALING AGENT

ABOUT:

Strong against limescale but gentle on surfaces! Our LIME LIGHT descaling agent is formulated with natural lactic acids. It powerfully descales all acid-resistant surfaces, as well as household appliances, while being gentle on surfaces and rubber seals.

500 ml / 16.91 oz / 0.53 QT. **\$19.90**

DOSAGE & APPLICATION:

LIME LIGHT is perfectly suited for coffee machines, water boilers, egg stoves, dishwashers, flat irons and washing machines. LIME LIGHT provides a lustrous, and most of all, food-safe result in just a few minutes.
Descaling of machines: Mix with water at a ratio of 1:5. After the descaling, rinse well with water (2 to 3 times for coffee machines).

Descaling of surfaces: Mix with water at a ratio of 1:10 in the JP foam dispenser.

Application examples: Coffee makers, kettles, egg stoves, vases, sanitary objects, tiles, faucets, glass and plastic surfaces.

SUITABLE FOR:

coffee makers

kettles

tiles

faucets

glass surfaces

shower stalls

LIME LIGHT, mixed with SHINY DISH and water (in the practical JP FOAMY dispenser) is also wonderfully suited for kitchen and bathroom fixtures, sinks, pots, vases and everything that requires cleaning. After letting the product sit for a brief exposure time, clean off with water.

IMPORTANT:

Dampen cement joints before application. Always follow the manufacturer's recommendations for the surface or object you wish to treat.
NOT SUITABLE FOR: Acid-sensitive surfaces, such as marble, calcareous natural stone surfaces, brass, enamel

BUNDLE:

Benefit from our bundle offer:
 LIME LIGHT + SHINY DISH + FOAMY large = **\$38.90**

Thanks to lactic acid, LIME LIGHT cleans effectively and is gentle on surfaces and the environment. It is milder than any other acid, has a stronger effect and is more environmentally friendly and gentle on

materials. Dissolves lime and rust. Ideal for coffee machines, kettles, dishwashers, egg boilers, washing machines, irons. Easy to use and economical in consumption.

Dosage: Dilute in the ratio of 1 part lime remover to 10 parts water. Leave the mixture to act until the bubbling stops. Repeat the process in case of severe calcification. Rinse with plenty of water.

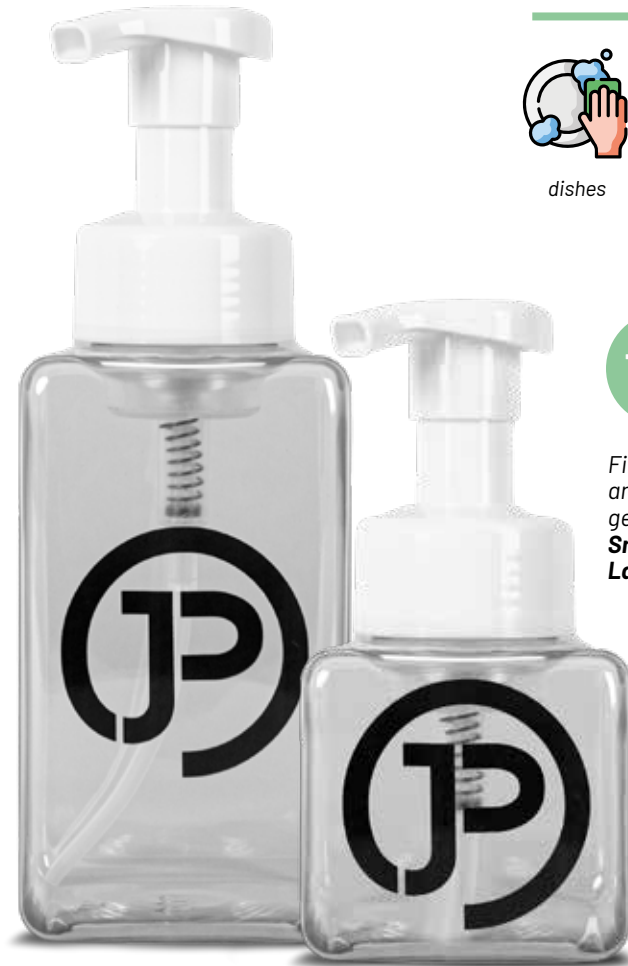

BEFORE & AFTER:

SHINY DISH

▶ DISHWASHING LIQUID

CONCENTRATED
Mix it
with
water
JP POWER

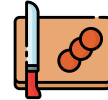

SUITABLE FOR:

dishes

sinks

kitchen
surfaces

TIP!

Fill in our JP FOAMY 3/4 with water and add 1/4 JP SHINY DISH. You will get an excellent dish washing foam.
Small: 250 ml/8.45 oz. **\$6.90**
Large: 450 ml/15.22 oz. **\$7.90**

ABOUT:

The hand dishwashing liquid from JP is the environmentally friendly solution for shiny dishes. JP SHINY DISH concentrated dishwashing cream is free of phosphates, nitrates, preservatives or other substances of concern. It is quickly and easily biodegradable and contains skin-friendly aloe vera. SHINY DISH has good skin compatibility and has been ecologically and dermatologically tested.

Suitable for the cleaning of tableware and surfaces in the kitchen. Dissolves even stubborn soiling with no problem, makes your tableware shine and leaves behind a pleasant scent.

500 ml / 16.91 oz / 0.53 QT. **\$14.90**

DOSAGE & APPLICATION:

Dosage: 5 ml (approx. ½ capful) to 5 liters/169.01 oz/5.28 QT of water in the sink.

RECOMMENDATION:

The JP DISH BRUSH can be cleaned in the dishwasher.

JP STRONG & GENTLE:

A cleaning fiber with two different micro-fiber structures and an integrated sponge. Due to the bristle structure, even stubborn dirt and incrustations can be loosened with the rough side and perfectly absorbed with the soft side. The soft side is also suitable for loosening light soiling. The rinsing pad is characterized by its effective suctioning abilities and stability.

Further information: page 37

JP WASTE LESS:

Thanks to its special properties it practically eliminates the need for paper towels. With this cloth you can successfully absorb and wipe away all possible types of liquids in the kitchen with no problem. In addition, bamboo is one of the most quickly renewable resources and therefore very resource-conserving. Processed into yard, this becomes viscose, the main component of the Waste-less cloth. **Further information: page 36**

JP DISH BRUSH:

Practical and durable dishwashing brush for light and heavy soiling – the classic in every household. Made of sturdy, break-resistant plastic with a rubberized handle for a secure grip and with robust yet gentle bristles made of polyester. The integrated scraper loosens stubborn encrustations. With a practical hook for hanging – cleaning of the brush can be conveniently done in the dishwasher. **\$4.90**

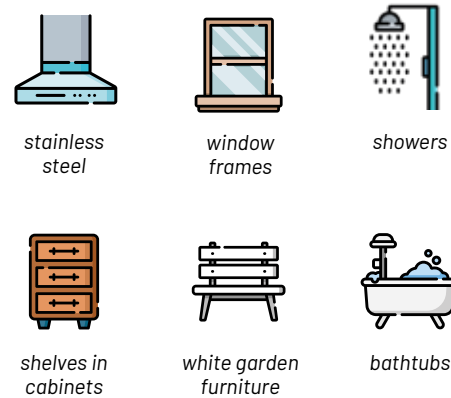

DEEP CLEANING

▶ POWER EMULSION

SUITABLE FOR:

ABOUT:

This cleaning emulsion with its beading effect is the perfect support in your household and for your hobbies. JP's DEEP CLEANING frees extractor hoods and ceramic hobs from dirt, grease and lime deposits effectively and efficiently. It provides triple action as it cleans, cares, and protects. This cleaning emulsion was specially developed for usage on particularly sensitive surfaces.

250 ml / 8.45 oz / 0.26 QT. **\$18.90**

DOSAGE & APPLICATION:

Shake well before use. Apply a small amount to the surface to be cleaned and rub in with a damp JP-microfiber cloth. Remove and polish afterwards with a fresh damp cloth and water.

Suitable for stainless steel, chrome, silver, metals, plastics, white garden furniture and window frames, showers, bathtubs, shelves in cabinets, glass and much more.

IMPORTANT:

Please note when using on matte surfaces that they may become shiny.

REMOVE DIRT WITH:

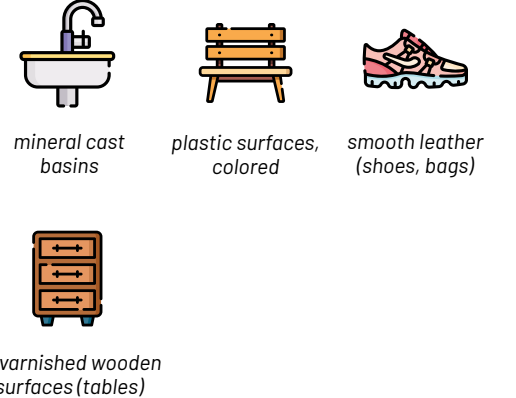

Wipe the dirt off with JP HEAVY PURPOSE. **Further informations: page 31.**

DEEP CARE

▶ WOOD & FURNITURE REFRESHER

SUITABLE FOR:

ABOUT:

This rapid care product is the perfect surface care and protection for your furniture. DEEP CARE provides cleaning and care for specific surfaces in one step. Additionally, it effectively decreases re-soiling to preserve the beauty of your furniture and floors. Everything shines with new splendor – without looking greasy! DEEP CARE is enriched with precious avocado oil, castor oil, jojoba oil and beeswax. The fine cream leaves behind a fresh scent and is free of silicones and preservatives.

500 ml / 16.91 oz / 0.53 QT. **\$23.90**

DOSAGE & APPLICATION:

Suitable for all types of wood, plastics, metals, smooth leather, stone and much more. Apply to a JP cloth and distribute DEEP CARE evenly over the surface. Then polish off with a soft JP cloth.

POLISH:

Polish off with a soft JP cloth.

FLOOR CARE:

For initial care: We recommend a solution with water in a mixing ratio of 1:10.

For maintenance cleaning: A mixing ratio of 1:100 is sufficient.

For unsealed floors: you should use as little water as possible (mist-damp mopping), because the unsealed floor can swell if too much water is used.

SANITARY SENSATION

▶ BATHROOM CLEANER

Mix it 1:10 with water in SPRAY BOTTLE or FOAMY.

FOAMY small: 250 ml/8.45 oz. **\$6.90**
FOAMY large: 450 ml/15.22 oz. **\$7.90**
SPRAY BOTTLE: 500 ml/16.91 oz. **\$6.90**

ABOUT:

Effortlessly dissolves limestone, dirt and soap residues on all sanitary installations. SANITARY SANSATION is perfectly suited for powerful cleaning of all water-resistant, washable and acid-resistant surfaces.

- Cleaning concentrate that dissolves lime-scale and soap residues due to lactic acid
- With beading effect to protect against new soiling
- Hygienic cleanliness and radiant shine
- Fresh scent from essential mint oil
- Free from PEG, mineral oil, silicone and paraffin compounds.

500 ml / 16.91 oz / 0.53 QT. **\$19.90**

DOSAGE & APPLICATION:

Mix with water at a ratio of 1:10 in the JP spray bottle or foam dispenser. Spray the cleaner directly on a damp JP microfiber cloth or the surface to be cleaned. (Sanitary objects, tiles, fittings, glass and plastic surfaces, shower partitions). For backsplashes: spray the joints/grouts with water beforehand. Let sit for a maximum of 10 minutes and rinse off with plenty of water.

IMPORTANT:

Dampen cement joints before use. Always follow the manufacturer's recommendations for the surface or item being treated. **Not suitable** for acid-sensitive surfaces such as marble, calcareous natural stone surfaces, brass, enamel.

SUITABLE FOR:

For all water-resistant, washable and acid-resistant surfaces.

TIP!

EASY DRY can absorb 6 times its own weight in water. Perfect as a bathmat after showers, drying surfaces after cleaning, in the kitchen to drying dishes, or drying the car after a wash. **More information: page 38**

LOO POWDER

▶ DEEP TOILET CLEANING

SUITABLE FOR:

Discover the power of the LOO POWDER foam – growing by itself.

ABOUT:

Effective product to clean and disinfect your toilet bowl, sinks and tubs. The proprietary formulation supports very effectively the removal of hard water stains and calcium build up around your kitchen and bath areas. Simply add LOO POWDER and hot water depending on the type of application and allow to stand for 5 minutes before cleaning with JP LOO HERO. In this way, even hard-to-reach places are optimally reached and heavy deposits can be hygienically removed.

1000 g / 35.27 oz / 0.91 QT. **\$29.90**

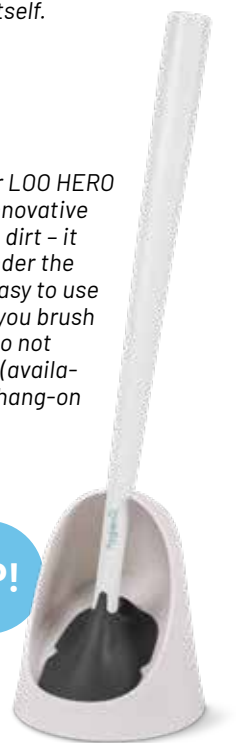

DOSAGE & APPLICATION:

- **WC:** 1.5 liters / 50.7 oz / 1.6 QT of hot water and 100 g / 2/3 cup LOO POWDER
- **Bidet:** 1 liter / 33.81 oz / 1.06 QT of hot water and 60 g / 1/3 cup LOO POWDER
- **Urinal:** 1 liter / 33.81 oz / 1.06 QT of hot water and 60 g / 1/3 cup of LOO POWDER
- **Drains:** 500 ml / 16.9 oz / 0.5 oz of hot water and 1-2 tablespoons of LOO POWDER

Reaction time: Approx. 5 minutes. Rinse with water.

*The perfect fit: our LOO HERO toilet brush. This innovative tool takes of all the dirt – it gets effortlessly under the rim. LOO HERO is easy to use and easy to clean: you brush the dirt away and do not collect it anymore. (available as stand-up or hang-on solution). **\$34.90***

TIP!

POWER PURPOSE

▶ ALL PURPOSE CLEANER

SUITABLE FOR:

ABOUT:

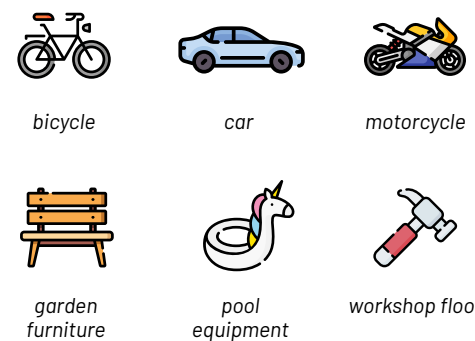

POWER PURPOSE is an effective, green cleaning solution for all of your cleaning needs, from the kitchen to the bath and everything in between. POWER PURPOSE disinfects and cleans without causing damage to delicate or painted surfaces. This environmentally friendly combination of active ingredients powerfully dissolves stubborn dirt and can be used indoors and outdoors. Applying this powerful product is quick and easy.

DOSAGE & APPLICATION:

Simply spray on and allow to sit for 1-5 minutes. Let POWER PURPOSE remove grease, oil, blood or any organic mess you can encounter. Simply wipe away with a JP microfiber cloth. If necessary rinse with water for a clean streak free clean. May be used on all cleanable surfaces, such as bicycles, cars, motorcycles, garden furniture, pool equipment, workshop floors, shoes and much more.

500 ml / 16.91 oz / 0.53 QT. **\$16.90**

SUITABLE FOR:

TEX EX

▶ FABRIC CLEANER

SUITABLE FOR:

ABOUT:

This textile and carpet cleaner is an effective green cleaning product for all of your textile cleaning challenges. Use TEX EX as a spot treatment prior to washing your clothing or as a stain remover for carpet and upholstery stains. Based on the most modern eco-cleaning science, it works by deep cleaning at the molecular level.

DOSAGE & APPLICATION:

Simply spray on the ready-to-use solution on the effected area and give it 2-5 minutes time to do its work before vacuuming up or using a JP microfiber cloth. TEX EX has a patented formula and can be used diluted in carpet and steam cleaners.

500 ml / 16.91 oz / 0.53 QT. **\$16.90**

SUITABLE FOR:

FREE FLOW

▶ PIPE CLEANER

SUITABLE FOR:

sinks

toilets

shower drains

USAGE:

ABOUT:

This ecological and odor-less power formula with a combination of alkaline solution and vegetable surfactants dissolves stubborn clogs in the household.

1000 ml / 33.81 oz / 1.06 QT. **\$29.90**

DOSAGE & APPLICATION:

Pour approx. 150 ml to 250 ml / 5.07 oz to 8.45 oz / 0.16 QT to 0.26 QT of FREE FLOW directly into the drain and let sit for 30 minutes. Let sit overnight for stubborn clogs, if necessary.

Then rinse out with plenty of water.

LOO HERO

▶ STAND UP OR HANG ON

HOW YOU LIKE IT!

You can either set it on the floor or you can fix to the wall in your bathroom - whatever suits your cleaning and bathroom needs!

ABOUT:

This product provides effective and complete cleaning of your toilet in a hygienic manner. You can expect no water dripping and a cleaning head that stays clean! The long, ergonomic handle with built-in anti-bacterial technology allows you to clean under the rim.

Available with a sleek mountable, space-saving holder, which is easily installed without the use of screws or with a stand-up solution. **\$34.90**

FRESH UP

► AIR CLEANER

Optimally used with the JP MISTY PUMP \$9.90

TIP!

ABOUT:

The air cleaner for all living spaces. Cooking odors disappear, and shoes, jackets, dog beds and much more can be perfectly freshened up with a few sprays of your JP MISTY PUMP without needing to be immediately washed again.

FRESH UP binds unpleasant odors and provides for clean air through its special composition. The concentrate is autoconserving, so even with longer use, germination of the product in the container is prevented.

DOSAGE & APPLICATION:

Suitable for the removal of unpleasant organic odors from smoke, cooking, animals and much more. Put ground covering, approx. 10 ml / 0.3 oz / 0.01 QT of FRESH UP into JP MISTY PUMP. Fill the bottle with approx. 300 ml / 10.1 oz / 0.3 QT of water.

500 ml / 16.91 oz / 0.53 QT. **\$22.90**

IMPORTANT:

Regularly change fresh-up water mixture!

CLEAN AIR WITH THE POWER OF NATURE:

A special enzyme in sheep's wool has the property to neutralize odors. We have taken our cue from this and developed an amino acid that, in addition to neutralizing odors, can also bind pollutants in the rooms air. Formaldehyde in particular will be neutralized creating a healthy and pleasant space for humans and animals alike.

JOIN THE PARTY

MICRO FIBER

MIRACLE MITT

► UNIVERSAL GLOVE

SUITABLE FOR:

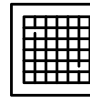

upholstery

carpeting

heavily textured surfaces

fly screens

roller shutters

kitchens

bathrooms

toilets

caravans

ABOUT:

This long microfiber pile is perfect for cleaning in deep joints and crevices and also dissolves heavy soiling on smooth and textured surfaces. Its sucks dirt from the surface and releases it in water. Even without cleaner the MIRACLE MITT is a true master in the household. The glove's shape protects fingers and fingernails perfectly. When used dry the MIRACLE MITT is also excellently suited for removing dust. **\$22.90**

APPLICATION:

This glove embodies JP's proven quality in a comfortable and protective glove design. The multi-layered structure of the fiber is extra tough on grease particles and microfine dust. Effortlessly remove heavy and stubborn dirt in the kitchen, bathroom, garden and more- all while protecting your hands. Due to its long fiber pile, it gets deep into surfaces, making it ideal for stain removal on upholstery and carpets.

MATERIAL:

100 % Polyester

SIZE:

7.9 x 6 inch / 20 x 15 cm

CARE:

HEAVY PURPOSE

► UNIVERSAL CLOTH

SUITABLE FOR:

furniture

kitchens

bathrooms

caravans

offices

households

ABOUT:

A highly absorbent microfiber cloth that maintains its form for all-purpose use in the kitchen and household. The soft side of the cloth (without laser cuts) is especially gentle on surfaces. The laser-cut side of the cloth (with writing on it) is perfectly suited for dissolving heavy soiling. **\$22.90**

APPLICATION:

For light soiling, just water often suffices for a thorough cleaning. For stubborn and dried soiling, the suitable cleaner from the JP range supports your cleaning efforts.

MATERIAL:

80 % Polyester, 20 % Polyamide

SIZE:

12.6 x 12.6 inch / 32 x 32 cm

CARE:

LIGHT & EASY

► EASY USE CLOTH

SUITABLE FOR:

offices

bathrooms

households

ABOUT:

LIGHT & EASY impresses with its versatility: Due to its air-soft surface, the cloth absorbs water optimally and can be wrung out again effortlessly. Light soiling on smooth and varnished surfaces can be removed quickly and easily with this soft cloudy microfiber. Easy to use with perfect results! **\$12.90**

APPLICATION:

LIGHT & EASY can be used both dry as well as damp; use with just water or with the addition of an appropriate cleaner as required.

For the bathroom, the kitchen and the rest of the household.

Not suitable for rough surfaces or sharp-edged objects.

MATERIAL:

80 % Polyester, 20 % Polyamide

SIZE:

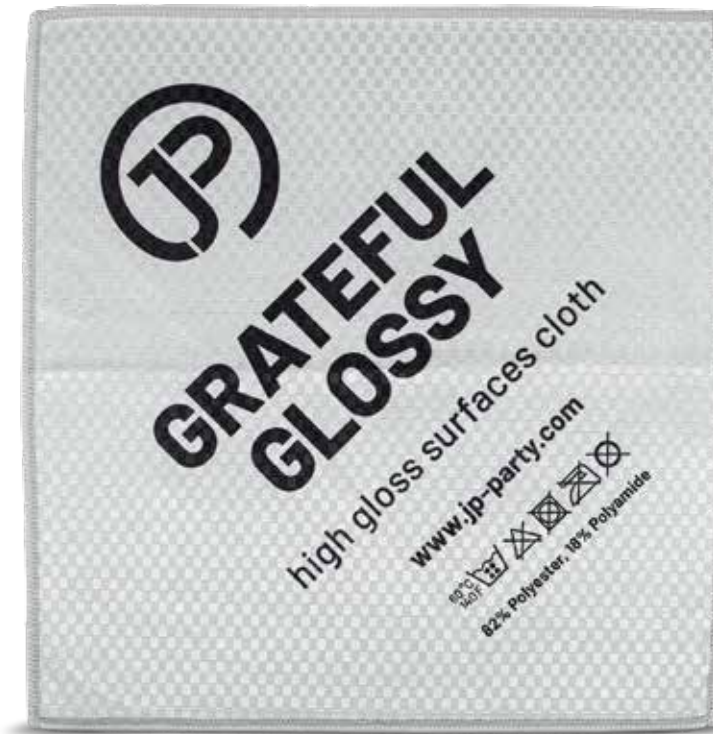

12.6 x 12.6 inch / 32 x 32 cm

CARE:

GRATEFUL GLOSSY

► HIGH GLOSS SURFACE CLOTH

SUITABLE FOR:

screens

displays

high gloss surfaces

pianos

ABOUT:

GRATEFUL GLOSSY is a fine, extra soft fiber cloth. The structure of this cloth allows it to be perfectly suitable for scratch-sensitive surfaces, such as high-gloss surfaces, screens, or displays. The lint-free microfiber enables gentle cleaning and care in one step and leaves a perfect shine. **\$19.90**

APPLICATION:

The cloth is particularly suitable for scratch-sensitive surfaces, such as high-gloss surfaces, screens or displays.

TO AVOID SCRATCHES Thoroughly rinse out dirt residue after use. Use only clean cloths without dirt particles when cleaning your objects and surfaces. Fold up sharp-edged seam corners of cloth to avoid contact with surface.

MATERIAL:

82 % Polyester, 18 % Polyamide

SIZE:

12.6 x 12.6 inch / 32 x 32 cm

CARE:

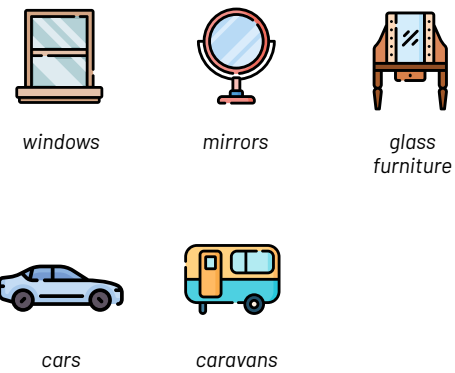

PANE POWER

▶ WINDOW CLOTH

SUITABLE FOR:

TIP!

For optimal results and a clear view combine PANE POWER with POLISH POWER. **Benefit from our bundle offer: PANE POLISH + POLISH POWER = \$42.90**

ABOUT:

PANE POWER is a cleaning cloth made from a fine microfiber. It can be used on all glass and mirrored surfaces. It is gentle on surfaces and well known for its lint-free results and streak-free shine. **\$25.90**

APPLICATION:

In combination with POLISH POWER for polishing in particular, PANE POWER is the satisfying solution for a clear, clean surface. Just dampen the cloth with clean water, wring out well, and use. For normal soiling, no re-wiping or dry wiping is necessary. If you want perfect and long-lasting results, we recommend polishing with our JP POLISH POWER. The surface is polished and dust can no longer adhere so quickly to the surface. So you can enjoy your clean windows even longer and keep your clear view.

MATERIAL:

80 % Polyester, 20 % Polyamid

SIZE:

12.6 x 25.1 inch / 32 x 64 cm

CARE:

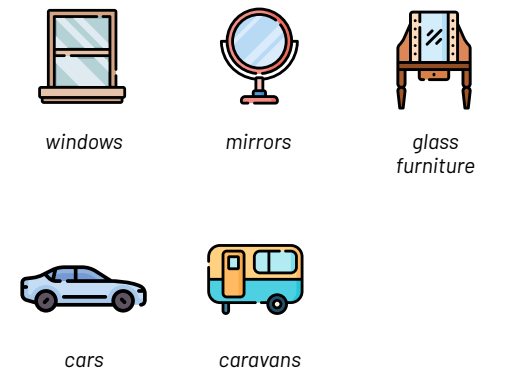

POLISH POWER

▶ REPOLISH CLOTH

SUITABLE FOR:

ABOUT:

Thanks to its special waffle structure, POLISH POWER removes residual particles such as limescale from surfaces. This makes the polished surfaces especially smooth. The high-performance microfiber with its honeycomb structure is perfectly suited for polishing smooth surfaces: glass and mirrored surfaces remain clean and shiny for a long time. **\$21.90**

APPLICATION:

Our JP POLISH POWER is an extremely powerful microfiber with excellent polishing ability. Use dry. Polish cleaned surfaces with light pressure.

IMPORTANT:

Surfaces must be freed from dust and dirt beforehand.

MATERIAL:

80 % Polyester, 20 % Polyamide

SIZE:

17.8 x 15.8 inch / 45 x 40 cm

CARE:

WASTE LESS

▶ BAMBOO CLOTH

SUITABLE FOR:

kitchens

households

dishes and sink

TIP:

The perfect helper in the kitchen: no more kitchen towels are needed.

ABOUT:

WASTE LESS is a versatile cleaning cloth made from renewable bamboo. The viscose fiber of bamboo is highly absorbent of both dirt and liquid, making it perfectly suited to clean any part of your household. Additionally, JP's WASTE LESS excellently absorbs fats, oils, and other messes around the house. The cloth is easily washable, preventing it from leaving behind any odors or residues. Being particularly durable, say goodbye to disposable paper towels and hello to environmentally friendly cleaning. **\$14.90**

APPLICATION:

Its characteristic feature is its especially good absorption of grease and liquids, as well as how easy it is to rinse out again. This makes the WASTE LESS cloth the perfect helper in the kitchen. It is suitable for all smooth surfaces in the kitchen, eating areas and sink areas.

Greasy pans and glass-ceramic cooktops can be optimally cleaned with the WASTE LESS cloth. Rinsed out with cold water, the cloth effortlessly releases the absorbed dirt again.

MATERIAL:

93 % Viscose, 7 % Polyester

SIZE:

9.9 x 9.9 inch / 25 x 25 cm

CARE:

STRONG & GENTLE

▶ DUO PAD

SUITABLE FOR:

kitchens

cooking pots

dishes & sinks

vegetables

ABOUT:

STRONG & GENTLE has a fiber structure of two different microfibers with an integrated sponge. It is a dish washing pad with duo effect due to its two different microfibers and integrated sponge.

Due to the bristle structure, even stubborn dirt and incrustations can be loosened with the rough side and perfectly absorbed with the soft side. The soft side is also suitable for loosening light soiling. The rinsing pad is characterized by its high powerful suctioning ability and stability. **\$9.90**

APPLICATION:

It is particularly handy to use and, thanks to its sophisticated technology, suitable for all kitchen requirements.

Use wet, chose appropriate side depending on the cleaning requirements

MATERIAL:

50 % Polyester, 38 % Polypropylene, 12 % Polyamide

SIZE:

5.1 x 5.1 inch / 13 x 13 cm

CARE:

EASY DRY

► ABSORBING CLOTH

SUITABLE FOR:

shower stalls

washbasins

bathtubs

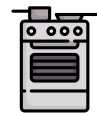

tiles

faucets

cars

kitchens

ABOUT:

EASY DRY is an extremely practical drying cloth with a high absorbency rate. The double-sided loop structure enables high water absorption and easily achieves dry and streak-free surfaces within the household. The cloth can absorb six times its weight in water. Additionally, the cloth itself has been designed to dry quickly. It's optimal drying rate allows you to use the cloth again in no time after initial use.

Small: \$23.90
Large: \$32.90

APPLICATION:

Drag the cloth slowly and evenly over the surface you wish to dry. Wring out cloth well and hang to dry.

MATERIAL:

80 % Polyester, 20 % Polyamide

SIZE:

15.8 x 15.8 inch / 40 x 40 cm
19.7 x 27.6 inch / 50 x 70 cm

CARE:

DUSTY STORM

► DUSTING GLOVE

SUITABLE FOR:

households

cars

furniture

shelves

tables

ABOUT:

The soft microfiber of the DUSTY STORM enables dust particles to be picked up effortlessly. It pulls in dust like a magnet due to its electrostatic charge. It can be used dry or damp on surfaces such as plastic or varnished wood. DUSTY STORM can be easily wrung out and is perfectly suited for corners that are difficult to access and irregularly shaped objects due to its glove shape. It provides for dust-free surfaces in seconds in car interiors as well.

\$19.90

APPLICATION:

The specialist against dust and light dirt in a practical glove shape - for dust-free and clean surfaces in the household and car. DUSTY STORM, the cleaning glove made of soft microfiber is perfect for dusting on various surfaces such as wood or plastic. Due to the electrostatic charge it creates, dust particles are attracted to it like magic. When wet, light soiling can be quickly dissolved. Due to the fine fiber structure, the glove can be easily squeezed, making it ideal for cleaning even the most angled corners.

MATERIAL:

80 % Polyester, 20 % Polyamide

SIZE:

10.7 x 5.1 inch / 27 x 13 cm

CARE:

FLOOR CLEANING

JOIN THE PARTY

The foundation of a clean lifestyle – the floors in your home. They carry you and your loved ones through everyday life and are the stage for family celebrations and dramas.

With JP floor care products, you can ensure that everyone feels comfortable in your home. Discover how easy and effective "clean" can be.

MULTI HERO

► THE FLEXIBLE, MODERN CLEANING DEVICE

ABOUT:

Due to its telescopic handle you can alter the length- making cleaning ergonomic and back-friendly. **\$59.90**

APPLICATION:

The trapezoidal shape of the wiping plate and the special high-quality JP fibers allow you to work easily and effectively, even in hard to reach places, such as: large glass planes, canopies, patio roofs, wooden ceilings, caravans, tiles, showers and much more. The wide plastic corners allow a scratch-free use of the wiper. The freely selectable fixed points and the locking options of the plate offer a limitless range of applications.

MATERIAL:

Aluminum

SIZE:

Mop plate: 15.75 x 3.94 inch / 40 x 10 cm
 Pole: 180 cm / 70.87 inch
 Weight: approx. 250 g / 8.82 oz

FLOORMOPS

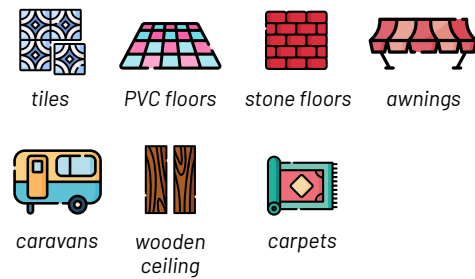

► ONE FOR EVERY KIND OF NEED

UNIVERSAL

FLOORMOP UNIVERSAL is perfectly suited for a variety of uses. Due to its absorbent, fluffy nature, this fiber allows dirt to be effortlessly absorbed and washed out again. Its special structure is perfectly suited for the removal of heavy soiling and dirt. Additionally, it's ideal for carpet cleaning. This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system. 100% polyester. **\$29.90**

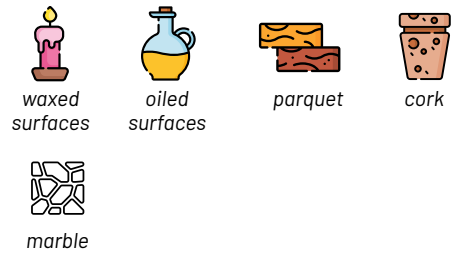

SUITABLE FOR:

SMOOTH

FLOORMOP SMOOTH is optimal for the cleaning and care of water-sensitive floors. The natural fibers of this cloth have a uniquely high dirt and water absorption capacity. Additionally, the FLOORMOP SMOOTH is perfectly suited for the application of JP care products. This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system. 95% cotton, 5% polyester. **\$31.90**

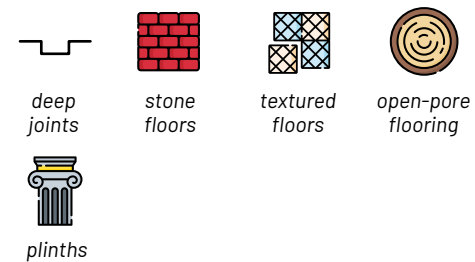

SUITABLE FOR:

WET

The **FLOORMOP WET** is perfectly suited for cleaning water-resistant, textured surfaces. The long pile of this microfiber effectively penetrates even the smallest recesses and optimally absorbs dirt and water. This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system. 100% polyester. **\$31.90**

SUITABLE FOR:

DUSTY

FLOORMOP DUSTY is made of a long pile microfiber. It picks up hair and dust quickly and effortlessly thanks to its electrostatic charge. This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system. 100% polyester. **\$29.90**

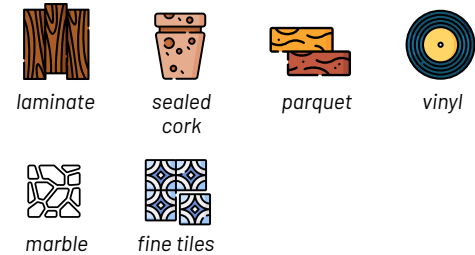

SUITABLE FOR:

COMPLETE

FLOORMOP COMPLETE is for wet cleaning on nearly all smooth surfaces in the household. This fine fiber structure cleans deep into the surface and requires minimal water. It is easy to wring out, making it perfect for damp use on sensitive floors. This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system. 100% polyester. **\$31.90**

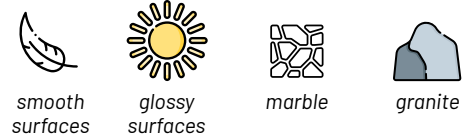

SUITABLE FOR:

POLISH

FLOORMOP POLISH is made from a soft microfiber with a honeycomb structure. It is perfect for cleaning, drying, and polishing smooth and glossy floor surfaces in one step. FLOORMOP POLISH is also optimal for tall windows, giving you a streak-free shine without lint or dust. This floor fiber is slightly larger than the base plate of the cleaning system, protecting delicate surfaces from scratches caused by the main body of the MULTI HERO system. 80% polyester, 20% polyamide. **\$29.90**

SUITABLE FOR:

DOOR MAT

► REDUCE YOUR FOOTPRINT

ABOUT:

The outer material of JP DOORMAT is made of 100 % recycled PET. It is characterized by a high water absorption capacity, which makes it perfect for outdoor use.

TECHNOLOGY:

The fibers are made of quick-drying and anti-static polyester and absorb dirt from shoes well. Sand and granular dirt are collected in the depressions of the doormat and can be easily shaken out again. The incorporated drainage grooves prevent absorbed water from accumulating in the doormat. The rubberized back makes the doormat non-slip and protects the floor underneath. The rubber back is made of SBR rubber (styrene butadiene rubber), which consists of 20 % recycled car tires. 100 % recycled PET. 22.83 x 30.71 inch / 58 x 78 cm. **\$89.00**

GROUT BRUSH

► MUCH MORE THAN A BRUSH

ABOUT:

The GROUT BRUSH reaches all joints and corners due to the special shape of the bristle set. The flexible and lockable joint allows the adjustment of different angles of inclination, which facilitates the cleaning of hard-to-reach joints. The GROUT BRUSH fits on the pole of our MULTI HERO and is an ideal complement to the set for joint cleaning. **\$19.90**

IMPORTANT:

Do not use on already defective tile joints.

MATERIAL:

100 % plastic

SIZE:

8.7 x 1.4 inch / 22 x 3.5 cm

MULTI BROOM-SET

► THE EASY AND CLEVER WAY OF TAKING THE DIRT AWAY

The dust pan can be easily attached to the broom for space-saving storage

The flexible rubber lip ensures the adaption to any surface. So no dirt gets lost.

The flexible, adjustable handle allows for ergonomic work at any height

ABOUT:

Our MULTI BROOM is suitable for cleaning any floor, both indoors and outdoors. Its V-shaped bristles reliably collect dirt, dust, hair and much more. The rubber lip is specially designed to pick up liquids. The MULTI BROOM fits on the handle of our MULTI HERO. This is variable in length to adjust up to a length of 1.80 m.
BROOM: 26.5 x 6 cm / 10.4 x 2.3 inch
Pole: 180 cm / 70.9 inch
Dust Pan: 27.5 x 20 cm, 10.8 x 7.9 inch
MULTI BROOM SET with pole: \$49.90
MULTI BROOM SET without pole, with adapter: \$29.90

Get free education and training for a successful future in business with JP. Develop personally and share your own knowledge with your community!

- Become a consultant and support your family and other people in creating a sustainable home.
- Every consultant receives an exclusive 30% direct discount on every order.*
- Explore valuable opportunities to build your team, earn additional commissions on both your personal sales and your team's sales, and participate in inspiring team-building contests.
- You can offer one of the most generous host programs in direct sales, which will help you to get more bookings and higher party sales.
- In your Party Starter Kit you will find the most popular products, as well as extensive informational material for your successful start with JP.

*Promotions, special offers or campaigns may be subject to a weighted commission structure

An Example:

Your **Personal Volume (PV)** is approximately \$1,050.00 (based on total sales of \$1,500.00, minus a 30% direct discount of \$450.00). This qualifies you for a **2% commission level**.

In the same month, **five other consultants** in your structure each achieve \$800.00 PV, resulting in a total of \$4,000.00 PV (5 x \$800.00).

Together with your PV, your team reaches an **Organizational Sales Volume (OSV)** of \$5,050.00. By reaching this level, you advance to a **10% commission level**.

This means you now earn an additional 10% commission on your consultants' sales:

- 10% on \$800.00 = \$80.00 x 5 consultants = \$400.00
- 10% on your own PV (\$1,050.00) = \$105.00

In addition to your 30% direct discount (\$450.00), you receive a **total commission of \$505.00**.

Your total earnings for this month amount to \$955.00.

NOT EVERY START IS HARD

▶ THE JP STARTER KIT

In your Party Starter Kit you will find the most popular products, as well as extensive informational material for your successful start with JP. Benefit from our cash back opportunity! Make your promise for a better future.
