

DATA SHEET

PANE POWER

- Cleaning cloth made from a fine microfiber
- For all glass and mirrored surfaces
- Gentle on surfaces
- Lint-free result

Fine microfiber cloth for cleaning glass surfaces – for a clear and streak-free shine.

PRODUCT FEATURES

PANE POWER is a cleaning cloth that has a fine fiber structure and is ideal for cleaning glass surfaces. Dirt and marks are removed and a streak and lint-free shine is left behind. To achieve a perfectly clean result, re-polish with our JP POLISH POWER polishing cloth.

APPLICATION

Dampen cloth with clean water, wring out well, and use damp. For normal soiling, no re-wiping or dry wiping is necessary.

IMPORTANT

Always follow the manufacturer's recommendations when cleaning and treating your possessions.

Rinse regularly, as trapped dirt particles can cause scratches.

TIP

Works perfectly in combination with our polishing cloth: JP POLISH POWER.

CLEANING INSTRUCTIONS

Follow washing recommendations on the cloths washing label. Max. 60 °C [washing machine].

Wash with similar colors.

Please do not tumble dry to prevent possible staining.

Tip: Wash JP microfiber products in a WASHING BAG without adding other textiles. This is gentle on the fibers and prevents lint from sticking.

JOIN THE PARTY.

DETERGENT RECOMMENDATION

Do not use fabric softener or bleach containing chlorine. Do not tumble dry. Do not iron.

COMPOSITION

80% polyester, 20% polyamide

SIZE / COLOR

32 cm x 64 cm / 12.6 x 25.1 inch
